

Framework Agreement: amendments to the 2016 junior doctors’ contract

Outline implementation timetable

This implementation timeline should be read in conjunction with the published [Framework Agreement](#). The framework agreement sets out both the pay investment that will be made and the amendments to the 2016 junior doctors' contract following negotiations between NHS Employers, the British Medical Association (BMA) and the Department of Health and Social Care (DHSC)

We are working with software providers to ensure the appropriate software updates are made to give effect to the relevant provisions.

Updated terms and conditions for the 2016 contract and implementation support materials will be published in due course.

For queries:

Employers can contact doctorsanddentists@nhsemployers.org

Junior doctors **who are BMA members** can contact: support@bma.org.uk or on 0300 123 1233.

Framework Agreement: amendments to the 2016 junior doctors' contract

Leave

- Leave for life changing events

Safety and rest limits

- Breaks for night shifts
- Weekend frequency exemption for nodal point 2
 - FY2 rotas using the weekend frequency exemption will be risk assessed at the point of commencement in August. Where no significant risks are identified that would render the service unworkable, rotas will be amended to a maximum frequency of 1 in 2 weekends, using local rota change processes, in line with the Good Rostering Guide.
 - Where significant risks are identified that would render the service unworkable, the existing rotas will remain in place until no later than December 2019.

Employers notified of 12-month timeframe to commence the process to alter existing rotas and will need to start consultation with trainees to reduce:

- The maximum number of consecutive shifts rostered or worked over 8 consecutive days reduced from 8 to 7
- The maximum number of consecutive long day shifts rostered or worked reduced from 5 to 4

Arrangements to alter existing rotas to meet this provision should commence as soon as is reasonably practicable but, in any event, must have concluded by 5 August 2020

Locum work

- Locum clause clarification

Facilities

- Too tired to drive home provisions
- Payment for accommodation when non-resident on-call
