PENSIONS	
38	That this meeting: - i) notes that restrictions on annual and lifetime allowances in the NHS pension scheme have had a detrimental effect on retaining doctors in clinical practice; ii) believes that increasing the NHS pension scheme Employer Contributions Rate to over 20% will inevitably reduce the impact of any increase in NHS funding; iii) calls on the BMA to actively lobby the Treasury to act decisively to improve the NHS pension scheme; iv) demands that all NHS workers should have a choice to pension only part of their earnings in the NHS pension scheme; v) demands that NHS workers should not be subject to annualisation of their earnings for NHS pension scheme contribution rate purposes; vi) demands that, in a Career Average Revalued Earnings (CARE) scheme, all NHS workers should contribute the same net rate to the NHS pension scheme.
