INTERPRETATION

1  In these standing orders the words and expressions following have the meanings hereinafter assigned to them respectively:

“Representative” means the duly appointed representative of a constituency, or in his/her absence, the deputy duly appointed in his/her stead, in attendance at the meeting.

“Prescribed” in relation to any form means prescribed by the returning officer unless and until the representative body shall adopt or approve any such form, whereupon the word “prescribed” shall refer to the forms so adopted or approved.

“Constituency” means any body or group of members of the Association entitled to elect or to have appointed a Representative or Representatives to the Representative Body.

“Session” means the period from the commencement of proceedings each day until the lunchtime adjournment, or from the resumption of proceedings after the lunchtime adjournment until the evening adjournment, or on the last day of the meeting to the conclusion of business.

A “motion” is a primary statement of an issue put forward for debate.

An “amendment” shall be either: to leave out words; to leave out words and insert others (provided that a substantial part of the motion remains); to insert words to alter the statement; or be in such form as shall be approved of by the chair.

A “rider” shall be to add words as an extra to a seemingly complete statement; provided always that the rider be relevant to the motion on which it is moved and be not equivalent to the direct negative thereof.

A “simple” majority shall be when the number of votes ‘for’ the motion is greater than the number of votes ‘against’ the motion.

“A ‘two-thirds’ majority shall be two-thirds of representatives present and voting. Those voting will include those voting ‘for’ and ‘against’ the motion.”

Abstentions will not be used for the calculation in either case.

These standing orders are subject to the provisions of the articles and bye-laws of the association.

30 Motions not included in the Agenda shall not be considered by the meeting with the exception of:

(i) Motions covered by standing orders 32-35 (order of business); 42 (emergency motions); 67-69 (motions for adjournment, or that the question be now put, or that the meeting proceed to the next business); 51 (time limit of speeches); 78 (withdrawal of strangers); and 79 (suspension of standing orders).

General order of sessions

32 At the start of each session the meeting shall consider motions, if any, relating to the order of business.

Hours of sessions

33 These shall be as set out in the time-table of the meeting, unless varied by consent of the meeting.

Varying order of business

34 The order of business may, in exceptional circumstances, be varied at any time by the vote of two-thirds of those present and voting.

Conclusion of meeting

35 A definite time for the conclusion of the meeting shall be published with the agenda.

“P”, “C”, “A” and “AR” Motions

36 The agenda committee may prefix with the letter "P" any motion which it deems of outstanding importance. Any such motion shall be given priority in debate, in line with standing order 40.
During the first day of the meeting, a ballot of representatives shall be conducted to enable them to choose motions, ("C" motions), for debate. Each representative may choose up to three motions to be given priority in debate using the prescribed form only which must be signed. The five motions which receive most votes shall be debated.

The agenda committee may prefix with the letter “A” any motion which the chair of the committee or body concerned has recommended to it as likely to be non-controversial and acceptable without debate. The chair shall formally move that each such motion be accepted without debate.

The agenda committee may prefix with the letter “AR” motions relating to new matter which the chair of council is prepared to accept without debate as a reference to council.

Block allocation of time

The agenda committee shall recommend to the meeting a block allocation of time for each section of the agenda, in the light of the business to be dealt with, and shall propose a provisional timetable for the commencement of each section of the agenda. Within each section, any priority items (given the prefix “P”) shall be debated first. The agreed starting times of each section shall be strictly observed (save that if one section shall have finished early, another section may be started ahead of the schedule). Motions included in a block which cannot be debated in the time allocated may, at the discretion of the chair, be debated in any unused time allocated to another block. At the discretion of the chair, contingency time shall be reserved in each session for the consideration of unfinished business in sections already dealt with.

The motions chosen under standing order 37 shall normally be debated in the block of time allocated for this purpose by the agenda committee. The prefix “A” or “AR” shall be deleted from any motion which is chosen by ballot.

“Other” motions

Time shall be set aside by the agenda committee for debate on matters of urgency or emergency which have arisen after the last date for submission of motions, as specified in standing order 24. This time shall be used at the discretion of the chair.

Motions, amendments or riders on the same subject

Subject to the provisions of standing order 36, the agenda committee shall group items covering substantially the same ground and shall mark with an asterisk that item which it recommends for debate. If the committee considers that no motion, amendment or rider in the group adequately covers the ground, the committee shall have power to draft a composite motion, amendment or rider. The mover of an agenda committee composite motion shall be the constituency whose motion is first in the bracket immediately below the agenda committee’s motion.

Composite motions constructed by the agenda committee shall have their several parts designated (i), (ii), (iii) or (a), (b), (c), etc.

Motions submitted under standing order 22 which, in the opinion of the agenda committee, are relevant to the subject of a designated open debate shall be grouped into a timed section of the agenda relating to the subject of the open debate. A motion taking account of the debate may be prepared at the direction of the agenda committee and submitted for consideration by the meeting at a time designated in the agenda having been circulated in advance to the meeting normally before close of business on the preceding day. The chair shall open and close the open debate in accordance with the times published in the agenda.
(i) notwithstanding the provisions of standing orders 24, 25, 26, 28, 30 motions relating specifically to the subject of the open debate and arising from that open debate may be submitted for inclusion by the agenda committee in that timed section of the agenda relating to the subject of the open debate.

(ii) such motions may be submitted to the agenda committee from the time of the conclusion of the open debate until a time that the chair shall notify to the meeting in advance of the open debate.

Instructions to council
46 Each motion, amendment, or rider which is of the nature of an instruction or reference to any central executive body, other than a committee appointed by the representative body, shall be moved in the form of an instruction or a reference to the council.

REPORTS
Form of reports
47 Reports of council and reports, if any, of committees to the representative body shall include a list of matters referred by the representative body to the council or committee; any specific recommendations by the council or committee; a short report of all action taken by the council or committee in furtherance of the decisions of the representative body; and a list of matters under consideration but not completed.

Presentation of reports
48 The report of the council or of a committee shall be presented by the chair or, in his/her absence, by another duly authorised member of the council or committee.

49 A report of each branch of practice committee on the work of the committee during the session shall be presented orally or in writing by the chair of that branch of practice committee or in his/her absence by a duly authorised spokesperson. Other committees and conferences may present a written report at the discretion of the RB chair.

RULES OF DEBATE
Procedure for proposing of motions by non-members of the representative body
50 Any motion, amendment or rider shall be introduced by a representative (or by a member) of the body proposing it, notwithstanding that that representative or member may not otherwise be entitled to attend and speak at the meeting; provided that in such case he/she shall cease to take any further part in the proceedings at the conclusion of the debate upon the said item nor shall he/she be permitted to vote thereon. In the absence of the authorised mover, any other member of the meeting deputed by the authorised mover may act on his/her behalf, and if no member shall have been so deputed, such motions shall be moved formally by the chair.

Time limits of speeches
51 Save as stated below, the chair of a committee or other duly authorised spokesman of the council shall be allowed to speak for five minutes in presenting a report. A member of the meeting shall be allowed to speak for three minutes in moving any motion, amendment, or rider. No other speech shall exceed two minutes. In exceptional circumstances, any speaker may be granted such extension of time as the meeting itself shall determine. The meeting may at any time reduce the time to be allowed to speakers (during the remainder of that session).

Secondering motions, amendments, or riders
52 No seconder shall be required for any of the motions, amendments, or riders printed in the agenda of the meeting. All others must be proposed and seconded before being debated.

Conduct of speakers
53 A member of the meeting shall normally stand when speaking and addressing the chair. An alternative microphone will be provided for those unable to stand or reach the podium. If the chair should so request, by rising or otherwise, all members except the chair must sit.
A speaker shall direct his/her speech strictly to the motion, amendment, or rider under discussion, or to a question of order. The chair shall have power to take such steps as he/she deems necessary to prevent tedious repetition.

In speaking and voting upon any matter, the representative or representatives of any constituency shall have regard and so far as may be conform to the preponderance of opinion of the members of that constituency so far as such opinion is known to him/her or them.

Members of the representative body have an overriding duty to the whole membership of the BMA. If a member has a conflict of interest in any question which the representative body is to debate, this interest should be declared in advance of any contribution to the debate and the member should seek to act and speak in the interest of the membership as a whole.

A member shall not address the Meeting more than once on any motion, amendment, or rider, but the mover of any such item may reply, and in his/her reply shall strictly confine him/herself to answering previous speakers and shall not introduce any new matter into the debate; provided always that a member may speak to a point of order or, by consent of the Meeting, in explanation of some material part of a speech made by him/her which he/she believes to have been misunderstood.

**Amendments and riders**

To a motion that the report be received, no amendment or rider shall be moved.

No amendment or rider shall be moved to a priority motion unless such amendment or rider is published in the supplementary agenda or is made by the chair of the representative body or by the agenda committee.

To a motion that a recommendation be adopted, amendments or riders may be moved.

To a motion that a report, or a specified paragraph thereof, be approved, an amendment may be moved to the effect that the meeting do disagree with, or do refer back to the council or committee, any specified portion thereof; or an amendment or rider may be moved to the effect that with reference to the report or paragraph, the meeting do express an opinion in terms stated.

A motion, amendment, or rider once moved and seconded shall not be altered or withdrawn without the consent of the meeting.

Whenever an amendment or rider has been moved no second or subsequent amendment or rider shall be moved until the first amendment or rider shall have been disposed of.

If any amendment or rider be rejected, other amendments or riders may, subject to the provisions of standing order 31, be moved on the original motion. If an amendment or rider be carried the motion as amended or extended shall take the place of the original motion and shall become the question upon which any further amendment or rider may be moved.

**“A” and “AR” motions**

If any member wishes an “A” or “AR” motion to be debated or to propose an amendment to an “A” or “AR” motion he/she shall submit his/her request in writing, indicating his/her reasons to the chair of the representative body before the end of the session immediately prior to that in which the motion is due to be moved, except when the motion is due to be moved in the first session of the meeting, in which case the request must be submitted before the commencement of that session. The chair shall have discretion either to cause the motion or the amendment to be debated normally, or else, at the appropriate time, he/she shall allow the member concerned to address the meeting, for not longer than two minutes, and shall thereafter ascertain the wishes of the representative body.
If the proposal that the motion be accepted without debate be defeated the motion shall be debated in the normal way.

Curtailment of debate

If it be proposed and seconded that the Meeting do now adjourn, or that the debate be adjourned, or that the meeting do proceed to the next business, or that the question be now put, such motions shall be put to the vote without discussion, except as to the period of adjournment, provided always that the chair shall have power to decline to put any such motion to the meeting.

Any such motion if accepted by the chair shall be put to the vote immediately except that, before a motion to proceed to the next business is put, the proposer of the motion, amendment, or rider under discussion at the time shall have the right to speak against the proposal to pass to the next business. In the event of a proposal to pass to the next business being defeated, the chair shall have power to permit the proposer of the motion or amendment under discussion to reply to the debate.

Further, in the event of the proposal “that the question be now put“ being carried, the chair of council, and/or the chair of the appropriate committee or other duly authorised spokesman of the council, shall be permitted to speak, and the proposer of the motion, amendment, or rider under discussion at the time shall have the right of reply to the debate.

Procedure for open debates

An open debate may be introduced by one or more invited speakers at the discretion of the chair. Representatives shall address the chair from the floor. Speakers will be invited to speak in turn at the discretion of the chair. Only one speaker may address the meeting at any one time and speeches shall be limited to two minutes. Speakers shall address only the topic of the open debate.

VOTING

Provisions of articles

Article 64 provides that:

(i) Those entitled to vote at a representative meeting shall be the elected or appointed members specified in bye-law 29, save that all members of the representative body shall be entitled to vote at an election of the BMA president, the chair, and the deputy chair of the representative body and the treasurer.

(ii) For the purpose of electing the BMA president votes shall be recorded at such time and in such manner as the representative meeting may decide.

Motions with subsections
72 Motions expressed in several parts and designated by numbers (i), (ii), (iii) etc or by letters (a), (b), (c) etc shall automatically be voted on separately.

73 In order to expedite business, the chair may, at his/her discretion, seek the assent of the representative body (by a simple majority) to waive this requirement for any single motion.

74 A two-thirds majority of those present and voting shall be required to carry a proposal:

(i) that the meeting do proceed to the next business;
(ii) that the question be now put;
(iii) that standing orders be suspended;
(iv) that substantial expenditure of the association's funds be incurred;
(v) that an amendment to the articles be recommended;
(vi) that an amendment to the bye-laws be made.

CONDUCT OF MEETINGS
Chair
75 Bye-law 54 provides that, at every representative meeting, the chair of the representative body, when present, and in his/her absence the deputy chair of the representative body, when present, shall preside. In the absence of both the chair and the deputy chair, the meeting shall appoint a chair from its own number.

Attendance
76 Members of the meeting shall not leave the precincts of the meeting (which shall be prescribed by the chair at the commencement of the meeting), except for brief absences, without permission from the chair. If it shall at any time appear to the chair that a quorum is not present, the chair shall direct that an attendance bell shall be sounded in such manner as he/she shall direct. Two minutes after the sounding of the attendance bell, the roll shall be called and those members of the meeting found then absent without permission from the chair, shall be deemed to have been absent from that session of the meeting.

Quorum
77 No business shall be transacted unless there are present at least one third of the number of representatives registered to attend the meeting (article 63).

Withdrawal of strangers
78 A member of the meeting may at any time move that any or all of the following persons, not being members of the meeting, should withdraw: (i) those not members of the association staff, (ii) those not duly appointed association advisers, (iii) those not association members. It shall rest at the discretion of the chair to submit or not to submit such a motion to the meeting.

Suspension of standing orders
79 Any one or more of the standing orders, in any case of urgency, or after notice duly given, may be suspended at any meeting, so far as regards any business of such meeting, provided that two-thirds of those present and voting shall so decide.
Distribution of papers and announcements

80 In the meeting or in the precincts thereof no papers or literature shall be distributed or announcements made or notice displayed except by the staff of the association, acting with the approval of the chair.

Smoking

81 Smoking shall not be permitted during sessions.

Mobile Telephones

82 If used, mobile phones and other portable electronic devices should be configured in a way so as not to disturb the meeting. In the event of any noise from a mobile phone, other portable electronic devices or any other disruption the member will be asked to make a donation to BMA charities.

ACTION ON ARM DECISIONS

Implementation of resolutions

83 As soon as reasonably practicable (and in any case within six months) after the passing of every resolution of the representative body (except a resolution relating solely to the procedure of the meeting and except as otherwise provided in the articles) the council shall consider such resolutions.

84 The council may resolve that such resolution does not properly represent the wishes of the association and that a referendum is expedient as provided in the articles, but such a decision may only be taken if not less than one-half of the members of the council be present at the Meeting whereat it is proposed and not less than two-thirds of those present and voting vote in favour of such decision.

85 If no decision is made by the council that a referendum is expedient it shall be incumbent upon the council to take all reasonable action to implement the resolution of the representative body. Provided always that, should the council subsequently decide that implementation of any resolution would be either untimely or undesirable in the interests of the association or of its members because of changed circumstances, it may resolve to defer implementation or call for a referendum on the resolution, or for a plebiscite on related matters, but such a decision may only be taken if not less than one-half of the members of council be present at the meeting whereat it is proposed and not less than two-thirds of those present and voting vote in favour of such decision.

86 In the event of the council resolving to defer implementation of any resolution, it shall be incumbent upon the council to include a full account of the deferment in its annual report of the proceedings of the association.

87 If the council shall not have considered any such resolution of the representative body within the said period of six months, or if the requisition prescribed by the articles shall not have been issued within 14 days, the resolution shall come into operation immediately upon the expiration of the said period of six months or of the said period of 14 days and the facts of the resolution having so become operative shall be forthwith published in the BMJ. Save as aforesaid, the resolution shall have no operation unless and until it shall have been approved either by the council or on a referendum or as determined by a plebiscite as hereinafter provided, and if and when so approved the same shall come into operation as a valid and effectual decision of the association.

Reference to council

88 A “reference to council” does not constitute BMA policy. It means that the council shall consider the resolution, taking into account any points raised in debate, and act in the best interests of the Association.

Motions not dealt with

89 Should the representative meeting be concluded without all the agenda having been considered, the sponsoring constituency can request a motion to be pursued, it shall be entitled to submit a written memorandum for the consideration of the council or appropriate committee, and/or to submit oral representations.
MINUTES
90 A copy of the minutes of every representative meeting, after provisional approval by the chair, shall be made available, as soon as practicable, to every member of the representative body and to the honorary secretary of every division and each constituency. Such minutes shall require final confirmation by the representative body. Not less than 14 days’ notice in writing shall be given to the secretary of the association of any motion to amend or question the accuracy of the minutes; such motions shall be published in a supplementary agenda.

CHAIR’S DISCRETION
91 Any question arising, in relation to the conduct of the meeting, which is not dealt with in these standing orders shall be determined by the chair at his/her absolute discretion.

REPRESENTATIVES OF THE PRESS
92 Representatives of the press shall be admitted to the representative meeting only on the understanding that they will not report any matters which the meeting decides should be regarded as private.

DURATION OF STANDING ORDERS
93 These standing orders shall remain in force until amended or repealed by the representative body.

Nominations for the Gold Medal shall be made to the council by three of its members.

Nominations for the President’s Award shall be made to the council by three of its members.

116. The Association shall have the power to award, subsequent to the decision of council, the Association Medal to such members who have shown outstanding achievement and commitment at national and/or UK level given outstanding and sustained service to the British Medical Association in two or more constituencies, one of which should be national. Nominations for the Association Medal may be made to the council by:

(a) the Scottish, Welsh or Northern Ireland councils, the standing committees, branch of practice committees in Scotland, Wales and Northern Ireland, regional councils, regional branch of practice committees and local medical committees; |

The organisation committee was asked by council to review the BMA awards and honours system. It is hoped that the new system will help towards reducing the disparity between the of number of female and male nominees/awardees.

These bye-law changes reflect the changes to the new awards and honours system which retains the gold and association medals, fellowship and distinguished service award.

Historically anybody could be awarded the Gold Medal, but this was because originally all recipients would have been members of the Association and the Bye-law has been updated to reflect the fact that the award is for members.

The Vice-President award will no longer be awarded and there is a new President’s Award.

It also sees the introduction of BMA Impact Award to recognise those members who had made significant contribution to the Association but may not meet the criteria under the current awards system hence the introduction of a BMA Impact Award.

It was also felt that it was important to ensure that successful nominees had exhibited behaviours commensurate with the living our values processes and Code of conduct so these would be included into the nomination criteria.
(b) the executive committee of any division; or

(c) any six voting members of the Association; or

(d) in the case of an overseas member, by any three overseas members, wherever resident.

117. Members/persons awarded any medal or award shall retain the medal/award/s unless they are withdrawn by a vote of council.

117.8. (1) The Association shall have the power to award to members, subsequent to the decision of council, the honour of Fellowship of the Association. Members awarded a Fellowship shall remain as Fellows for as long as they continue to be ordinary members of the Association, or their Fellowship is terminated by a vote of council. Nominations for the Fellowship of the Association shall be made to the council by:

(a) the Scottish, Welsh or Northern Ireland councils, the standing committees, branch of practice committees in Scotland, Wales and Northern Ireland, regional councils, regional branch of practice committees and local medical committees;

(b) the executive committee of any division; or

(c) any six voting members of the Association; or

(d) in the case of an overseas member, by any three overseas members, wherever resident.

The power to revoke awards has also been added to all awards for a variety of reasons. This might include being found guilty of a criminal offence, behaviour which results in censure by a regulatory body or the Association, or any other behaviour that is deemed to bring the BMA into disrepute.
(2) A Fellowship will only be awarded to those members of the Association who have shown outstanding achievement and commitment at a local or regional level, whose services to the British Medical Association and to the profession of medicine have in the opinion of the council and merit recognition beyond that which can adequately be conferred by any division or branch.

(3) The name of every member Awarded a Fellowship of the Association shall be entered on a Roll of Fellows.

(4) The names of past presidents, honorary vice presidents and Gold Medallists of the Association shall automatically be entered on the Roll of Fellows without election.

(a) the Scottish, Welsh or Northern Ireland councils, the standing committees, branch of practice committees in Scotland, Wales and Northern Ireland, regional councils, regional branch of practice committees and local medical committees;

(b) the executive committee of any division; or

(c) any six voting members of the Association; or

(d) in the case of an overseas member, by any three
overseas members,
wherever resident.

**Distinguished Service Award**

Those awarded a Distinguished Service Award shall retain their award unless it is withdrawn by a vote of council.

121 Such All recommendations shall be discussed in strictest confidence and any firm recommendations of the organisation committee arising therefrom shall be put to the next meeting of the council and shall be received and debated in camera-private session. In the meantime, no report shall be made to council or any other body by either committee.

**PART 3 REPRESENTATIVE BODY**

49. **Nomination of Honorary Vice Presidents**

49. (1) Responsibility for the recommendation to council of the award of President’s Award honorary vice-presidency shall rest with the organisation committee.

This is part of the awards and honours review bye-law changes as above.

This section to be removed.

Inserted from PART THREE REPRESENTATIVE BODY 49

Moved to be a separate bye-law and apply to all the awards and honours.
120 (2) All recommendations shall be discussed in strictest confidence and any firm recommendations of the organisation committee arising therefrom shall be put to the next meeting of the council and shall be received and debated in private. **Consultants Committee**

That the second schedule of the bye laws Column 2 Members ex officio be amended to Remove the ex-officio seat for the joint medical consultative committee and grant an ex-officio non-voting seat to the head of the BMA UEMS delegation

The consultants committee chair, the joint medical consultative committee chair, head of the BMA delegation to the UEMS. The consultants conference chair. None of the above members shall have voting rights.

This proposal aims to enable the consultants committee to remain updated on medico-political developments across Europe. The committee felt that the best way to do this was to have the head of the BMA UEMS delegation as a member of the committee, to provide a direct link between UEMS and CC.

Additionally, following a change to the process for determining the head of the UEMS delegation, the head of the UEMS delegation must now sit on a branch of practice committee, ensuring they have a democratic mandate to represent the BMA. The seat would be non-voting, unless the head of the UEMS delegation is already a voting member of CC via another route.
